## ANNUAL REPORT OF THE WEARE VOLUNTEER FIRE DEPARTMENT

---

During 1949 the Weare Volunteer Fire Department answered 33 alarms, including 18 chimney fires, 4 building fires, 1 oil stove fire, 3 car or truck fires and 7 brush or grass fires. The most serious fire of the year involving a set of buildings resulted from a defective chimney. This, together with the large number of chimney fires, again emphasizes the importance of chimneys, funnels, etc., clean and free from defects. Rubbish burning probably caused our next most serious fire which resulted in a serious brush fire and also partially destroyed a building. Most of our brush and grass fires result from illegal burning of rubbish and brush. We were fortunate to go through another season of serious water shortage with the small amount of damage and expense.

Several new water holes were dug by individuals which will give protection to quite a goodly number of buildings previously having no water supply for fire purposes. Fences were repaired on several water holes and brush cut during the year. At Weare Center a hydrant was installed at the town well allowing our pumpers to take suction from that source.

The Central Station at Weare Center was completed and has proved not only of value to the department but our meeting hall fills a need in the town and is used by many different organizations.

A tank truck was purchased carrying 800 gallons of water. It is equipped with a pump, hose, suction hose, nozzles, fog applicators, foam generator and liquid, hand lights, etc., and is a complete fire kit that will render good service and of which the town may well be proud. Also purchased during the year were, 800 ft. of 1½ inch hose, 50 ft. of booster hose, a large shut-off nozzle, a fog nozzle, 1 length of 2 inch suction hose, 2 large hand lights, 2 small hand lights, and 3 pairs of rubber boots. The air horn which we had was installed with an auxiliary air tank and gives us a much improved signal system.

Regular meetings of the department were held monthly and each company held several drills.

A ladies auxiliary was organized having at present about 30 members. They have put on several dinners for different fire organizations, have helped to keep up the interest in the department and have assisted in furnishing our meeting hall and kitchen.

The station at East Weare is now heated which allows the booster tank on the truck kept there to be kept filled and the truck ready to take care of fires in winter as well as the warmer months.

The board of fire wards or engineers held two meetings during the year.

The department appreciates the support of the townspeople which has made possible the many advances and accomplishments made during 1949 for the better fire protection of Weare.

Respectfully submitted,

GERALD H. HIGHT, Chief,  
Weare Volunteer Fire Dept.

## FOREST FIRE WARDEN'S REPORT FOR 1949

---

I have received from the town for forest fires	\$198.92
The state has reimbursed the town	102.67
I have collected from parties burning unlawfully	20.05
and from Dunbarton for forest fire work	11.20
and from Goffstown for forest fire work	22.40
and paid the men direct, leaving the forest fires for 1949 costing the town of Weare	96.25

Please remember that all persons burning, unless the ground is covered with snow must have a permit from the Forest Fire Warden.

Again, I wish to thank the citizens of Weare for their splendid co-operation in keeping our forest fires at such a small figure during this trying period. I trust that we may receive the same co-operation in 1950.

---

To the inhabitants of the School District in the town of Weare qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 19th day of March, 1949, at 2:00 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relating to any subject embraced in this Warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and payment of the statutory obligations of the district, as determined by the school board in its annual report.
9. To see what sum of money the district will vote to raise and appropriate for the School Lunch Program.
10. To see what sum of money the district will vote to raise and appropriate for High School Athletics.
11. To see if the district will authorize the school board to sell the Riverdale School.

12. To see what sum of money the district will vote to raise and appropriate for a new roof (and other necessary repairs) to the Riverdale School.

13. To transact any other business that may legally come before said meeting.

Given under our hands at said Weare this 17th day of January, 1949.

CLARENCE STILL,  
ELSIE PURINGTON,  
DOROTHY MOODY,  
School Board of Weare.

## REPORT OF SCHOOL MEETING

---

At a meeting of the inhabitants of the School District in the Town of Weare, qualified to vote in the District affairs, held at the Town Hall, in the said District on the 19th day of March, 1949 at two o'clock in the afternoon.

The warrant was read by the Moderator.

Article 1. Charles F. Eastman was nominated for Moderator. On motion duly seconded it was voted that the Clerk cast one ballot for Charles F. Eastman for Moderator. This was done and the said Charles F. Eastman was declared elected Moderator and in open meeting took the oath of office prescribed by law.

Article 2. Eunice C. Marshall was nominated for Clerk. On motion duly seconded it was voted that the Moderator cast one ballot for Eunice C. Marshall for Clerk. This was done and the said Eunice C. Marshall was declared elected and in open meeting took the oath of office prescribed by law.

Article 3. Clarence S. Still and Lyle Perrigo were nominated for member of the School Board. A written ballot was taken with the following result: number of votes cast, 111; of these Clarence Still had 14, Lyle Perrigo had 96 and one was blank. Lyle Perrigo was declared elected and in open meeting took the oath of office as prescribed by law.

Article 4. Samuel D. Chase was nominated for Treasurer. On motion duly seconded it was voted that the Clerk cast one ballot for Samuel D. Chase for Treasurer. This was done and the said Samuel D. Chase was declared elected Treasurer.

Article 5. On motion of Chester W. French it was voted that the School Board and other officers of the District be paid the same as the Town Officers which is \$1.00 per hour.

Article 6. Upon a request from the floor, Elsie Purington reported on Article 15 of the 1947 warrant and

Article 11 of the 1948 warrant that no action could be taken as no funds were available from either State Aid or Federal Funds for capital improvements.

Article 7. On motion of Gordon Boynton it was voted that the Town Auditors audit the school books.

Gordon A. Russell asked that a committee be appointed, or volunteer, to investigate plans and figures for a new school building. On motion of George Nichols it was voted that a committee composed of Muriel Fuller and Gordon Russell and a third to be chosen by these two secure plans and figures for a new central elementary school with auditorium and gymnasium and present them at an adjourned meeting to be held April 16th. This was amended by Phebe Clark to read "at 8 o'clock in the evening." This amendment was carried.

Article 8. On motion of Franklin Flanders it was voted that the estimated budget be amended as follows:

Under "minor repairs"—increased by \$600.

Under "Other Special Activities, elementary"—increased by \$800.

Under "Salaries of District Officers"—increased by \$100, making the total amount to be raised and appropriated read, \$33,302.

This was done after suggestions by Marion Russell that \$800 be expended for indestructible playground apparatus for all the grade school pupils, said apparatus to be installed by next September 1st, and by Wendell Colburn that \$600 be expended to install flush toilets at the North Weare School.

Article 9. On motion of Verna Sawyer it was voted to raise \$600 for the School Lunch Program.

Article 10. On motion of George Nichols it was voted to raise \$350 for high school athletics.

Article 11. On motion of Norman Chase it was voted that we dismiss the article.

Article 12. On motion of Albert S. Farmer it was voted that we raise \$350 for a new roof for the River-

dale School, but this sum does not include any other repairs.

Article 13. On motion of George Waterman it was voted that the School Board make more detailed financial reports.

On motion of George Sawyer it was voted that this meeting be recessed until April 16th at 8:00 P. M. in the Town Hall.

A True Copy of Record—Attest:

EUNICE C. MARSHALL,  
Clerk of District.

## REPORT OF ADJOURNED SCHOOL MEETING

---

At the adjourned meeting of the voters of the School District of Weare held in the Town Hall on Saturday, April 16th at 8 o'clock in the evening.

The meeting was called to order by the Moderator, Charles F. Eastman.

A report of the special committee, explaining the need for the new school building and giving a history of all action taken concerning it since it was first proposed in 1941 was given by Muriel Fuller. On motion of Frank Sawyer it was voted to accept this report. Gordon Russell then explained in detail the architect's plans which were on display. Franklin Flanders followed with the financial aspect of the question, after expressing deep appreciation to Superintendent Foote and the School Board for their sincere co-operation. The new building, the plans for which had just been explained, would cost approximately \$125,000. We are permitted by law to borrow \$62,000, and, pending the passage of a bill now before the Federal Legislature, the government will give us the same amount that we can raise including any the State Aid would give us.

Clayton Gunn moved that we petition the Superior Court for permission to hold a special school meeting at which we can raise money for the new building as explained by the committee, providing the Bill in question passes the Legislature. Some discussion followed during which Mr. Vincent Swanburg, contractor, and Mr. Carl Peterson, architect, answered questions on cost estimates. The motion was carried.

We referred back to Article 8 and Wendell Colburn agreed to the suggestion that the School Board postpone installing the toilets in the North Weare School until a decision is reached concerning the new building.

On motion of Arnold Peaslee it was voted to adjourn this meeting.

A True Copy of Record—Attest:

EUNICE C. MARSHALL,  
Clerk of District.

## SCHOOL WARRANT

### THE STATE OF NEW HAMPSHIRE

---

To the Inhabitants of the School District in the Town of Weare qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 6th day of March, 1950, at 7:30 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see what sum of money the district will vote to raise and appropriate for the School Lunch Program.

10. To see what sum of money the district will vote to raise and appropriate for High School Athletics.

11. To see if the district will vote to reappropriate the balance unexpended (\$125.00) from special appropriation of 1949 School Meeting for repairs to Riverdale School for general school expenses.

12. To see if the school district will vote to alter the action taken at the School District Meeting of 1947, such action providing for "a consolidated elementary school equipped with an auditorium-gymnasium," by striking out the phrase "equipped with an auditorium-gymnasium."

13. To see if the district will authorize the School Board to make application to the General Services Administration for funds under Public Laws 352, 81st Congress for the preparation of plans and specifications for a new central school and to execute and deliver in the name of and behalf of the school district, obtaining a loan or grant from the General Services Administration or any other agency of the United States Government.

14. To see if the district will authorize the school board to apply to such agency or department of the United States Government from which source or sources federal funds may be made available, such funds to assist in financing the construction, remodeling, and equipment of any building program, including the acquisition of property, approved by this meeting, and to authorize the School Board to accept such funds in the name of the School District of Weare.

15. To see if the district will vote to authorize the School Board to execute any and all contracts or agreements necessary, proper and advisable in connection with the construction of and equipment of an elementary school building.

16. To see what sum of money the district will vote to raise and appropriate for the construction of any equipment of such an elementary school, and in order to furnish such funds to authorize the school board to issue serial bonds or notes maturing not longer than

30 years from date of issue, in accordance with the provisions of the Municipal Bond Act, New Hampshire Revised Laws of 1942, Chapter 72, and Chapter 156 of the Laws of 1947.

17. To see what sum of money the district will vote to raise and appropriate for the purchase of a suitable site for a consolidated elementary school, in order to carry out the vote of the district at the Annual Meeting of 1947.

18. To see what sum of money the district will vote to raise and appropriate for Architects' expenses in preparation of preliminary plans and specifications.

19. To see if the district will vote to raise and appropriate a sum not to exceed \$5,000 as a capital reserve fund for the construction of a new central school, said funds to be placed in the custody of the trustees of trust funds and reserved for the construction of a new central school in accordance with the Laws of 1943, Chapter 160 as amended by the Laws of 1945, Chapter 35 and Laws of 1947, Chapter 8.

20. To transact any other business that may legally come before said meeting.

Given under our hand at said Weare this 26th day of January, 1950.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

I hereby submit my Annual Report as Superintendent of Schools in the Town of Weare.

The current school year opened with several changes in our teaching staff. In the High School, Miss Dorothy Reilly replaced Mrs. Freda Finnigan as instructor in Home Economics. Miss Reilly graduated from Nesson College and came to us with several years of teaching experience. Last spring Mrs. Ruth Comstock, who had taught at the Center School for some six years, asked to be relieved of her duties due to reasons of health. Mrs. Esther Hight completed the year in a very satisfactory manner.

This fall Mr. John F. O'Brien of Whitefield, a graduate of Keene Teachers' College, was engaged to teach at the Center School.

During the summer the School Board rearranged the school transportation routes, contracting with the Whitney Bus Service to cover all previous bus routes. Not only has this arrangement made for more satisfactory transportation for the elementary pupils, but it has also allowed for the carrying of the high school pupils at no added cost to the district or to the parents. In past years the high school students had to provide their own transportation, and in certain cases left school because of the financial difficulties arising. As long as there is room on the busses, the board proposes to continue the practice for high school pupils. At such time as there is not sufficient room for the high school group, it will then be necessary to bar those pupils living the lesser distance from school, unless the district desires to authorize added transportation and appropriate funds for such service.

During the fall the School Board authorized the establishment of the "Institutional-on-Farm Training Program" operating in conjunction with the Veterans' Administration. The course is now serving some eight veterans of Weare and the surrounding area. The en-

tire cost of the program is borne by the Veterans' Administration at no cost to the district. Headmaster Traver is serving as instructor for the course.

Our enrollment figures for 1949-50 have increased some 10 per cent over the numbers of last year. This increase is mainly due to the addition of some dozen pupils from the South Weare-Riverdale section transported to Goffstown last year.

The return of these pupils to the Weare Schools has caused some serious crowding. In the so-called Junior High School we have the largest enrollment in many years, as the reader will note in reviewing the statistical table contained elsewhere in the school report. Our high school building is, therefore, over-crowded.

The South Weare School now has some 38 pupils, enrolled in Grades 1-4. Mrs. Verna Sawyer has been doing an excellent job with them when one considers the fact that with four grades to teach, it is impossible to do the teaching job demanded. It is a situation which should be corrected.

The Center School has a similar problem with between 42 and 44 in attendance at various times this past fall. What has been said relative to the problems of instruction at South Weare is equally true at the Center. Good teaching can not be carried on in such crowded quarters, particularly where several grades are handled at the same time.

Our school housing situation is indeed critical, or perhaps one should say tragic. Not only are we over-crowded in several of our schools, but our buildings and facilities leave much to be desired. The lighting, heating, and sanitary conditions, to say nothing of the disrepair of our buildings, are inadequate and unsatisfactory. To provide the necessary facilities and to restore the schools structurally would require a large sum of money. And after the expenditure of such funds we would still have an unsatisfactory educational arrangement. In order to give proper instruction and carry out the basic program of studies recommended for elementary schools, it is imperative that a centralized school be established. With all pupils of Grades 1 through 6 in one building, most rooms could be set-up on a single grade basis, which arrangement would

allow for the teacher to confine her full attention to one grade rather than three or four grades as is now the practice. It is difficult to refute the argument that such a consolidated school with approved physical facilities, together with the arrangement of grades as mentioned above, would not lead to more effective education for the children of Weare.

Your committee made up of citizens and school board members reported in 1948 and again in 1949 that it felt the number one need for the Town of Weare was a consolidated elementary school. At the school meeting of 1948 it was voted "to build a consolidated elementary school, including an auditorium." The meeting of 1949 continued its support of the plan but, realizing the inability of the district to finance such a project, instructed the School Board to call a special district meeting if and when federal funds were made available. (At this writing no federal funds for construction have been available.)

The School Warrant for the annual meeting of 1950 contains numerous articles concerning the consolidated school problem. These are included so that all issues which may arise can be legally acted upon under the warrant. A consideration of certain articles may help to clarify the reader's mind as to the motives prompting the inclusion of such articles.

Article No. 12: Your committee together with many other citizens have felt that until such time as federal funds are available for schoolhouse construction, we will have to satisfy ourselves with a six-room elementary building. If the vote were to stand as passed in 1947, we would not be able to construct such a school. On the other hand, if the vote were passed favoring the erection of an elementary school, such a school could have an auditorium-gymnasium provided without specific mention being made of such an auditorium, provided funds were forthcoming prior to such construction. (If and when plans and specifications are made, provision could be made to add the auditorium-gymnasium with no change in the basic plans.)

Article No. 13: This article is similar to one voted upon favorably in 1948. The federal agency mentioned

in that article and motion has gone out of existence, but new funds have very recently been made available under a new agency. Approval of this article will allow the district to secure funds for preliminary plans, such funds to be repaid to the government only if the project is built.

Article No. 14: This article is included in order to give the School Board an opportunity to apply for such funds as may in the future be made available for school construction.

Article No. 16: This article is inserted in order to allow for borrowing on the part of the District for whatever building funds are needed, not including those received from federal sources.

Article No. 18: In case the district does not desire to vote favorably on Article No. 13, and sees best to pay for such services through regular means, such action could be taken under this article.

Included in the School Board's Budget for 1950-51, are several items which I should like to bring to your attention. You will note that under items No. 6 and No. 15 the amount expected to be spent this present year is considerably greater than either the amount spent last year or the amount anticipated for next year. This situation is due to the fact that in order to give a true picture of our finances, the summer payroll (earned prior to June 30, but paid during July and August) is added to the amount expended during the present school year. The amount given under cash balance as of June 30, 1950 is actually cash balance minus liabilities as of that date.

Under item No. 22 of the budget is included anticipated necessary repairs to the High School roof, cost of painting that building and added playground equipment. Item No. 23 is included in anticipation of the need to replace High School desks and chairs which are no longer serviceable.

## REPORT OF THE HEADMASTER

---

To the School Board and Superintendent of Schools:

The present school year opened on September 6 with the following enrollment: Fourteen Seniors, 12 Juniors, 13 Sophomores and 12 Freshmen—a total of 51 pupils in the Senior High School. Since the opening of school we have lost four pupils (two of whom transferred to other schools), and gained two, making our present enrollment in the upper four grades 49.

The seventh and eighth grade room is filled to capacity with an initial enrollment of 50. Since September we have lost four eighth graders. At present we have 46 enrolled in the seventh and eighth grades.

In a small school system such as we have, it often happens that many of the same boys and girls make up the participants for plays, basketball, baseball, etc. It is impossible for those boys and girls to attend both basketball practice and play rehearsal at the same time. To alleviate this situation we decided to eliminate the fall play and have only one. This play will come right after basketball season, but before baseball begins. The proceeds of the one play will go to the senior class.

Another change which you have probably noticed is the shortened school day. This was done as a co-operative move with the new bus system and allows the children to leave home later in the morning, and get home earlier in the afternoon. Actually the pupils have one less study period a day and possibly should do a little more homework than they did last year with the added forty minutes.

The drastic cut in state aid money has had its effect on the Weare school system. Last year some over a hundred dollars was spent for visual aids. This year, even though funds were provided, we have tried to cut down on this item for reasons of economy, although we realize that visual aids should play a more important part in the education of your children. Learning through seeing is more effective than learning through hearing, in many cases.

In order to have a really successful visual aids program, we need dark shades in some of the smaller class rooms. We have dark shades in the largest room, the seventh and eighth home room. It is not always possible to swap rooms because, as you can see, you can get twenty pupils in a large room but you cannot accommodate fifty pupils in a small room. We should seriously consider the darkening of at least one other room.

In March, 1949 the town voted to give to the Weare High School the sum of three hundred and fifty dollars to be used for their athletic program. This money will be used to pay for the use of the Henniker gym and to pay for bus transportation to and from basketball games. This year our bill for the gym is \$100.00 and for transportation \$266.85. Any deficit will be taken out of the athletic association fund.

This year under the guidance of Mrs. Lambert we have very excellent cheerleaders to help our boys' and girls' basketball teams on to success. Both the boys, under the guidance of Mr. Rysnik and the girls under the guidance of Miss Reilly, are enjoying a very prosperous year as far as winning basketball games is concerned. The players and coaches certainly have done well. However, we all must realize that these pupils go to school primarily to learn, and sports must come *after* scholastic and citizenship requirements have been met.

Miss Batchelder informs me that again this year, probably in the late winter, the seventh and eighth graders will present an evening's entertainment in the form of a prize speaking contest. In the past, the local American Legion organization has supplied the prizes for this activity.

There are perhaps many things in your high school to be desired, but I maintain that your school is sufficiently adequate to prepare boys and girls for later college life or to take their places as citizens in the community. There is room for improvement, no doubt, but one of the greatest things that townspeople can do for their children is to provide satisfactory facilities while they are in grammar school, so that when they come to high school they will be better qualified to do

the work. As a result they will be better high school pupils, better informed and prepared, and thence, able to be better citizens of your town.

Respectfully submitted,

GORDON A. TRAVER,  
Headmaster.

## REPORT OF SCHOOL NURSE

---

So many children and young people at the age when they should be at their best have bodily defects. Although most of them are presumably well, only a few are entirely free from some defect. Often these defects seem trivial and apparently are of no importance, but we know that even slight defects are likely to lead to trouble later on in life if they are not corrected. Such causes as these may be responsible for failure to make the expected progress in school work. Therefore, we endeavor at the time of the fall examinations to notify the parents of any defects which should have further attention, and recommend that they consult their family physician or dentist for more complete examination and advice.

Many first graders before entering school in the fall have been immunized against diphtheria, whooping cough and tetanus. Clinics were held in East Weare and North Weare in the Spring of 1949. Nearly every pupil in this Union has had the Patch Test. Children showing a positive reaction are referred to the tubercular clinic in Manchester for chest examination and X-ray. Forty-five pupils were "Patched" in the spring. Seven seniors had chest X-rays at the Concord tubercular clinic in April, 1949. Some thirty-four others, fifteen years and over, were taken to Henniker when the State Health Department X-ray Mobile Unit was there on April 19, 1949. All showed negative to T. B. Later Miss Martin, tubercular nurse, gave a talk and showed movies at the High School.

If I am successful in having the X-ray trailer in Goffstown this spring, those who wish may go there for their X-rays. Dr. Kerr advises that those pupils who were "Patched" in 1946 be done again a little later on.

The State dental trailer was parked in the High School grounds from February 7 to February 21. The fluorine treatment was given to nearly every pupil in the elementary schools. The following report shows the

number of pupils affected and the number of defects corrected at the time of our fall examination:

Defective vision	45
Defective teeth	120
Diseased tonsils	30
Number of defects corrected	37
Number of defects corrected	85
Number of defects corrected	10

There were two appendix cases, one fractured ankle, a fractured wrist. One boy had a growth on his chest removed. Two girls had a metabolism test at the County Hospital. Three pupils were discovered who had hearing difficulty. These will be taken to Manchester for a more complete test in February, 1950. There were ten cases of chicken pox in the spring of 1949. Dr. Brown examined all those children in the High School building, grades 7-12, and the school nurse examined all pupils attending the elementary schools.

EDITH G. WALKER,  
School Nurse.
